

Mrs. Laura S. Webb.
Vice-President Woman's Democratic Club of Northern Ohio.

"I dreaded the change of life which was fast approaching. I noticed Wine of Cardui, and decided to try a bottle. I experienced some relief the first month, so I kept on taking it for three months and now I menstruate with no pain and I shall take it off and on now until I have passed the climax."

Female weakness, disordered menses, falling of the womb and ovarian troubles do not wear off. They follow a woman to the change of life. Do not wait but take Wine of Cardui now and avoid the trouble. Wine of Cardui never fails to benefit a suffering woman of any age. Wine of Cardui relieved Mrs. Webb when she was in danger. When you come to the change of life Mrs. Webb's letter will mean more to you than it does now. But you may now avoid the suffering she endured. Druggists sell 21 bottles of Wine of Cardui.

Educational Notes.

[By State Superintendent Carrington.]
The Missouri State Teachers' Association meets at St. Joseph Dec. 29-31. An excellent program has been arranged and a large attendance is expected. It is an excellent opportunity for teachers to combine pleasure and profit.

There were 1422 Missouri teachers at the Boston meeting last July, making our state sixth in point of numbers. Massachusetts, New York, Pennsylvania, Ohio and Illinois surpassed it. In influence as well as in numbers Missouri takes high rank.

The National Educational Association has declared in favor of making the Bureau of Education an independent administrative department. Its scope and influence should be widened, but it is very doubtful if that would be the result of making its chief a cabinet officer.

Supt. G. V. Buchanan, of Missouri's Educational Exhibit, has just issued a circular of instruction and information on how to prepare for the greatest exhibit ever made. The teachers and others interested should ask for a copy, if it is not received. Do not hesitate to write for it. Address Supt. G. V. Buchanan, Sedalia, Mo.

The U. S. Government proposes to make an exhibit of its educational work in the Philippines. In response to a request for suggestions, Supt. Carrington has advised that a dozen or more of the native children be brought to St. Louis, that a school room be fitted up and a real school be operated, showing what the Government can do and has done and by what means. Such an exhibit will attract universal attention and give us better ideas of the possibilities of the Philippine.

The state department of education and the state educational institutions, co-operating, have contributed much to the successful campaign in behalf of better schools that has been in progress since the middle of September. The entire campaign will have covered ten weeks and close on November 21st. During that time there have been on an average twelve persons constantly at work. From expressions heard, the good results will be proportionately much larger than the time and money spent.

"One of my children was taken with cramp colic and suffered severely," says S. B. Elzee, of Monett, Mo. "I telephoned for a doctor, then gave a dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and a few minutes later a second dose. Before the doctor came the child was relieved." A Novel Beef Club.

A unique organization of farmers, known as the "Beef Club," says the Advertiser, has been formed at Steinmetz, in Howard County. Its object is to supply its members with fresh beef once a week. "As a rule," says the Steinmetz correspondent of the Glasgow Missourian, "the club is composed of sixteen members, and Friday is the day generally selected for killing and distributing the meat among the members. Each member in turn provides an animal for the week. When the club meets, one member is appointed to act as the butcher, and another to act as secretary. The butcher receives \$1 per head for his services. By drawing numbered slips from a hat it is decided when a member shall contribute his beef, the numbers coming in regular order. In the same manner the different portions of the beef are distributed, each receiving in the end as much meat as his animal weighed. Should he receive more meat than the weight of the animal he furnished, he must pay the difference at the end of the season, the club agreeing upon the

rate to be paid. The member furnishing the animal receives the head, hide and fat. The secretary is required to keep an accurate account of meat furnished by each and given to each member, so that all differences in amounts received may be equalized. The Beef Club has proved a blessing to the members in providing them with fresh, choice, healthy meats."

Best Liniment on Earth.

L. M. McHany, Greenville, Texas, writes, Nov. 24, 1900: "I had rheumatism last winter, was down in bed six weeks; tried everything, but got no relief, till a friend gave me a part of a bottle of Ballard's Snow Liniment. I used it, and got two more bottles. It cured me and I haven't felt any rheumatism since. I can recommend Snow Liniment to be the best liniment on earth for rheumatism." For rheumatic, sciatic or neuralgic pains, rub in Ballard's Snow Liniment, you will not suffer long, but will be gratified with a speedy and effective cure. 25c, 50c and \$1 by Milton Lewis, Florence, Mo.
